

## SUSTAINABLE DEVELOPMENT FUND -SOUTH LANARKSHIRE GUIDANCE

### What is the Sustainable Development Fund South Lanarkshire and who does it benefit?

Clyde Wind Farm (Scotland) Ltd operate a 206-turbine wind farm in the Clyde Valley. The Sustainable Development Fund is part of its voluntary community benefit arrangements from the wind farm. The fund supports the residents of the South Lanarkshire local authority region.

### Who should I contact for more information?

SSE Renewables supports the administration of the fund and Lindsay Dougan, Senior Community Investment Manager can provide further information on the fund. She can be contacted at [lindsay.dougan@sse.com](mailto:lindsay.dougan@sse.com) or on 01738 340292.

### What are the application timescales?

In this round the fund is worth a total of £600,000. You can apply for funding from £30,000 up to a maximum of the fund's total value.

Round opens	25 September 2024
Deadline for full applications	15 January 2025
Awards made	April 2025

### Who can apply for funding?

To be eligible for funding, your project must benefit communities that lie wholly within the South Lanarkshire local authority area. You don't need to be a registered charity to apply, but your organisation must have a constitution and not be set up for individual profit.

### What does the fund support?

The fund is to be used to provide support for strategic projects in the South Lanarkshire region and any successful application must meet one or more of the following outcomes:

- **Creating opportunities:** Create opportunities for education and employment through activities that develop skills and improve an individual's chance of entering the workplace.
- **Empowering communities:** Empower communities to become more resilient through measures which demonstrate long-term social, environmental or economic improvements.
- **Sustainable places:** Stimulate meaningful regeneration to improve or enhance local infrastructure, landscape, biodiversity or heritage and make a lasting difference to the places we live, work and visit.

For this round of the Fund, the panel have an interest in projects which will help the region to prepare for a net zero future. For example, enhancing young people's STEM skills for the jobs of the future, de-carbonising community transport, developing community-owned renewable energy.

Successful projects will be transformational in nature, i.e. they will have the potential to make a significant and sustainable difference to people within the region.

### Who sits on the decision-making panel?

The Sustainable Fund Panel will review applications and determine which projects should receive funding. The independent panel comprises:

- Rt Hon Lord Jack McConnell (Chairperson)
- Professor Jan Bebbington, Sustainability in Business, University of Lancaster
- Damien Yeates, Chief Executive, Skills Development Scotland
- Professor James Hunter, Emeritus Professor of History, UHI
- Stuart Hood, SSE Renewables

### What are the panel looking for?

The panel will review the application based on its relevance to the priority themes identified above and appraise the social, economic and environmental impact it could have to the local area. This will be the primary form of assessment. The panel will be looking for projects with the potential for transformational change. **For this round of the fund the panel have an interest in projects which will help the region prepare for a net zero future.**

Additional consideration will be given to projects that demonstrate:

- **Value for money** – evidence that the project will have a high impact for the amount of funding requested
- **Community involvement** – evidence that the community is engaged in the development and implementation of the project. For example, in the form of surveys, service user involvement, community consultations, open days, letters of support or volunteering opportunities
- **Financial viability** – evidence that the project will be maintained beyond the period of grant funding
- **Evidence of need** – demonstration of need / demand for the project in the locality and evidence of a real financial need for support from the fund
- **Match funding** – in exceptional circumstances, the panel may consider applications up to 100% of total costs but would encourage groups to leverage other external funding
- **Contribution to the local economy** – evidence that the project will have a positive impact on the local economy in the long term.

### What is expected of funded projects?

- Each funded project will gain the support of an SSE Renewables Community Investment Manager to provide advice and guidance.
- Successful applicants should begin drawing down their grant within one year of it being awarded. Grants towards long-term projects (such as major building work or multi-year projects) will be released in stages and must demonstrate progress within one year of award.
- SSE Renewables is committed to understanding the social impact of the fund. One of the key requirements of successful applicants is to monitor and evaluate your project.

SSE Renewables use an Outcomes Report based on Big Society Capital's Social Outcomes Matrix. Successful applicants will be asked to identify their intended outcomes at the start of the funding and confirm the outcomes delivered at the end of project. We require successful applicants to provide copies of evaluation activity to SSE Renewables.

### UN Sustainable Development Goals

SSE Renewables community programme supports the UN Sustainable Development Goals. We will ask you to identify the primary UN Sustainable Development Goal that your project contributes to and will allow you to also identify secondary goals. You can find out more about the UN SDG's at: [Sustainable Development Goals | United Nations Development Programme \(undp.org\)](https://www.undp.org)

The Goals we will ask you to select from are:

- Goal 3 - Good health and well-being e.g. your project will improve people's well-being, physical health or emotional health including community care services, sports classes, befriending services.
- Goal 4 - education and training e.g. your project will support people to enter work, will help schools to deliver new activity or would help community members learn new skills.
- Goal 7 - energy efficiency - your project helps communities to have affordable and modern energy e.g. insulation measures, new heating systems.
- Goal 8 - supporting jobs, tourism and economic growth - your project will enhance the local economy e.g. projects which employ people in the local area, the development of social enterprise activity, projects to increase tourism to the area.
- Goal 11 - Sustainable communities - your project will help enhance the local community e.g. improving a community hall, building new community sports Centre, running a community event
- Goal 13 - climate action - your project will help to combat climate change e.g. community renewables.
- Goal 15 - Life on land - projects which help the local environment e.g. community owned forests, community gardens, community nature paths."

- Additional authorised bank signatory:
  - Provide the name, e-mail address and position of a second person who is authorised to use your group's bank account. Please ensure you enter these details correctly as this person will be e-mailed any grant offer letter for their countersignature.

### Group Finances

- What are the main sources of income for the group?
  - Please provide brief details of how the group normally raises most of its income e.g. from local fundraising, grants, charges for services, etc
- Total income and surplus/deficit from the uploaded financial accounts:
  - The figures you provide should match those in the group's approved annual accounts that you uploaded earlier as part of your application
- Current unrestricted reserves and why they cannot be used for this project:
  - Unrestricted reserves are monies which are not restricted (usually by a donor or lender) for any particular use. If your group's unrestricted reserves cannot be used towards the project you are seeking a grant from SSE Renewables for, we will ask you to explain why.

### Project Budget

- Select an option to add your project cost details:
  - You will have the opportunity to insert the information into a list/ table in the form or to upload your own budget template. Please **do not do both**.
  - If you enter costs in the list / table option then decide to upload a budget file instead, please ensure you delete any entries in the list / table before continuing.
  - Please provide an accurate list of all costs involved in the work, services, or items required for the project. This should include any project costs that you are not requesting a grant towards.
  - If you enter costs in the list / table option, these will automatically be totalled.
  - If you have chosen to upload a budget file, enter the total project cost (as stated in the file) into the box provided.
- Explain how you have costed the project.
  - For larger capital items (e.g. building work, vehicles, equipment) of more than £2,500 in value we expect you to have sought at least two quotations, for such items of more than £10,000 in value we expect you to have sought at least three quotations. Please upload any quotations you have received towards such costs.
  - If you are seeking a grant to cover salary costs, please tell us what hourly rate will be paid. SSE Renewables is a Living Wage Friendly Funder; therefore, we require any roles paid for through our funding to meet or exceed the Living Wage.
- Tell us how much you are applying to the Clyde Extension Community Fund for. Only non-recoverable VAT costs should be included in any grant amount you are requesting from SSE Renewables.

### Project Funders

- If your total project cost requires other funding (including where your organisation is contributing its own funds), you will be asked to list all of the other funding sources, including the amounts being applied for and whether this funding is confirmed.

### Checklist

We will ask you to tick yes, no or not applicable to the following checklist:

- That the group has the appropriate procedures in place to carry out your project safely
- That the group has at least three unrelated people serving on its management committee / board.
- That the project doesn't require retrospective funding
- That, if requested, you can provide the details of an independent referee.
- That any salaries are paid at, or greater than, the Living Wage
- Whether the project requires your group to secure permissions, such as planning permission, a building warrant and/or listed buildings consent, prior to starting work. If it does, tell us whether these have been applied for / granted. If they haven't been applied for or granted yet, tell us when you expect this to happen.
